

Autism Early Support
Circle Centre

Would you like to make a difference to local children and families?

"It was so rewarding to be alongside the nursery children and celebrating their achievements. The staff team were so encouraging and supportive.

I enjoyed it so much I joined the staff team. Before that I was out of paid employment for 18 years - you just never know where volunteering will take you!"

Gifting your time is great for you too ...

- The joy of being with young children
- Day to day contact with great people
- You'll be enriching the lives of local families
- Your skills and support will be shared with others
- You will learn new skills and meet new people
- The hours are flexible to fit around you
- You can choose the roles you prefer
- Weekdays or weekends

Interested? Great, we would love to hear from you.
