

TRUSTEE VACANCY

Are you passionate about making a lasting difference to the lives of autistic children and their families?

If yes, we have an exciting opportunity to become a member of our Trustee Board and we would be delighted to hear from you.

Our trustees effectively lead our charity by working closely with our staff team to oversee our strategic direction and how we are run.

We are keen to recruit new board members who can help us to:

- Deliver on our vision, mission and strategic aims
- Reach and support more autistic children and their families every year
- Raise our profile and help introduce our cause to the local community
- Be self-sustaining and resilient for the long term.

All applicants are welcome, but we are particularly seeking candidates with experience or skills in the following areas:

- Marketing & PR
- Business management & development
- Autism, neuro-diversity and/or Special Education Needs
- Commissioning & bid writing

Full training will be given, so we welcome applications from 1st time trustees.

We meet 6 times year and there is not an expectation to fulfil operational volunteering. Meetings take place early evening, either face to face (in Buckingham) or online.

Any out of pocket expenses will be paid.
